

**701—72.9(441) Deputy assessors—restricted certification.** Deputy assessors granted restricted certification by virtue of their holding office on January 1, 1976, shall retain the restricted certificate even though they may obtain regular certification as provided in Iowa Code section 441.5. However, once a deputy assessor resigns or is removed from the position for which the restricted certificate is valid, the restricted certificate shall be canceled by the director. Nothing contained in this rule shall be construed to relieve a deputy assessor holding a restricted certificate of the continuing education requirements for the retention of their position as provided in Iowa Code section 441.8.

This rule is intended to implement Iowa Code sections 441.5 and 441.11.
